

## Tadcaster Fire Station – Community Safety Campaigns

Tadcaster Fire Station is planning to run a series of community safety campaigns over the coming months.

As a guide, the campaigns are:-

Jan/Feb	Electrical Fire Safety
Mar/Apr	Road Safety
May/June	Wildfire Safety
Jul/Aug	Water Safety
Sep/Oct	Home Fire Safety
Nov/Dec	Chimney Safety

The campaigns will be shared on websites and social media platforms. The information will change throughout the year to correspond with the types of incidents that often become more frequent at that time of year. As and when restrictions allow the campaigns may involve direct community meetings.

The first topic is **Electrical Fire Safety**. The link below enables you to register your appliance(s) so that you can be notified if a safety issue has been identified with a product that you own or if that product has been recalled.

<https://www.registermyappliance.org.uk/>

The electrical safety first link below enables you to search for historic recalls of electrical products, that you might own, and provides additional information on the dangers of operating counterfeit electronic products.
